- Project/ Stakeholder Management, Planning, Client Interactions, Priority Management, Strong verbal and written Communication, Leadership, Collaboration, Innovative Thinking and Problem Solving, Analytical & Strategic.

PROFESSIONAL EXPERIENCE

Florida Blue **United States**
Senior Health Business Analyst **August 2024 – Present**

- Build and maintain executive-facing Power BI dashboards used to track business performance and support strategic decision-making across leadership.
- Built and maintained key datasets in SAS and R Workbench that serve as the single source of truth for Commercial Analytics, driving consistent insights across teams.
- Collaborate cross-functionally to address ad-hoc business queries by identifying key stakeholders, gathering requirements, and delivering solutions in the form of reports, dashboards, datasets, or narrative insights.
- Contributed to org-wide initiatives by identifying systemic inefficiencies, leading root cause analyses, and shaping data-backed recommendations to inform process improvements.
- Drive continuous learning and team growth through active participation in internal upskilling sessions and independent development in analytics tools and methodologies.

EMD Millipore Corporation **United States**
Pricing Data Analyst **August 2022 – April 2024**

- Established robust connections with internal stakeholders to implement impactful changes to tools, resulting in an 80% reduction in reported issues and a more efficient and simplified data pipeline. Tools consisted of analysis reports, datasets, and dashboards used for business insights and recommendations.
- Led a pricing team overhaul, with preliminary findings indicating a projected 15% increase in pricing accuracy and a 20% reduction in response time, securing positive feedback from cross-functional teams and management.
- Led multiple ad-hoc projects focused on enhancing efficiency and analytical outputs across various teams. The datasets, analyses, and tools delivered through these projects are now central to team operations.
- Took charge of leading a Tableau Server migration for the entire pricing organization, ensuring uninterrupted service with zero downtime. This involved leveraging Tableau expertise and maintaining constant communication with developers, users, IT teams, and management.

Excellus BlueCross BlueShield **Rochester, NY**
Digital Strategy and Analytics Intern **June 2022 – August 2022**

- Analyzed digital customer data on the 'Benefits & Coverage' page and 'Members below age 18' segment using MS Excel, Python, Google Analytics, and IBM Cognos.
- Utilized Python for Topic Modeling and Sentiment Analysis on member feedback surveys, defining business and division goals for the quarter, saving 90% of time and workforce resources.
- Formulated a strategy for implementing digital chatbot and live messaging features, involving market research, competitor analysis, and effective stakeholder communication.
- Developed mobile app surveys in Qualtrics to gather user feedback and identify pain points for digital users.

ADITYA NAIK

naikadityavijay@gmail.com | (585) 710-1747 | www.linkedin.com/in/itsadityanaik/ | Chicago, IL

Kannavie **Rochester, NY**
GTM Strategy Consultant **September 2021 – December 2021**

- Developed a comprehensive go-to-market strategy with focus on market research and competitive analysis.
- Analyzed internal data to provide business recommendations, studied competitors to suggest changes in brand positioning and communication, developed an outreach program and created surveys for data collection.
- Positioned the client for a successful soft launch and securing capital investment using our strategy.

Aeon Communication **Mumbai, India**
Management Executive **September 2018 - July 2021**

- Led marketing initiatives, including coordinating company participation in major exhibitions, driving brand visibility and lead generation.
- Acted as central liaison between management, vendors, developers, and customers to ensure project timelines, deliverables, and expectations were consistently aligned.
- Conducted customer onboarding meetings to finalize hardware/software requirements, financial agreements, and product specifications; delivered handoff demonstrations to foster long-term client relationships.
- Represented the company in strategic discussions with government officials, Google India (Android TV integration partner), Intel US (technology sponsor), and investors, contributing to key negotiations and alliances.
- Coordinated cross-functional teams to launch new services and optimize operational workflows, resulting in faster delivery cycles and enhanced client satisfaction.

EDUCATION

Simon Business School, University of Rochester **Rochester, NY**
Master of Science in Business Analytics (A STEM-Certified Program) **Dec 2022**

PROJECTS AND LEADERSHIP

Founder and Chairman, YOUNG Foundation **November 2019 – PRESENT**

- Founded and scaled a non-profit organization from the ground up, assembling a leadership board and securing official registration by drafting bylaws and defining strategic objectives.
- Established partnerships with local government agencies and secured CSR funding from corporations such as Amazon Web Services (AWS) to support community initiatives.
- Organized and executed social impact projects including women's self-defense training, sexual wellness education, fundraising for orphanages, skill development workshops, and COVID-19 medical support initiatives.

Market and Competitor Research, sayhii **August 2022 – December 2022**

- Analyzed market trends, customer needs, and competitive landscapes to guide strategic business decisions, optimize product offerings, and identify growth opportunities.
- Utilized public data from sources including the Bureau of Labor Statistics (BLS), Gartner, and Bloomberg to support data-driven insights and recommendations.
- Created a Tableau dashboard to track and report key metrics across various regions, industries, and time periods, enabling the discovery of critical trends.
- Received a job offer from the client to continue post-project, reflecting the value and impact of my contributions.
